7-8 April 2005

*Luxembourg Presidency
of the Council of the European Union*

Welcome Note

Let's talk social issues again!

Luxembourg assumes the Presidency of the Council of the European Union during the first half of 2005. This is a serious challenge but for Luxembourg, as a founding member, it is certainly not an unfamiliar exercise. Still, it has to be put in a specific context every time.

Today, Europe's economic future is at stake. Through the revised Lisbon Strategy we want to promote growth and high quality jobs. But this it is not an end in itself. Growth must serve social cohesion. The European social model is one of our trump cards, provided we do not demolish it but adapt it.

At a time when we are about to adopt the treaty that establishes a European Constitution which will strengthen social Europe, it is important to show by our actions that we are capable of anticipating economic change and to manage it for the benefit of our citizens.

"Globalisation, economic integration and technological innovation are changing the way Europe lives and works" (Report of the European Employment Task force chaired by Mr Wim Kok, November 2003).

The structure and the functioning of our economies and firms are today in constant and rapid evolution. Our companies are changing at an ever faster rate, which means job losses for some and new opportunities for others.

On the one hand, job losses are a phenomenon which it is hard to accept as they affect the lives of a lot of workers and their families.

On the other hand, our understanding as far as the possibility of creating new activities are concerned marks time and we have not made much progress in our more structured thinking about new opportunities that the transformation of our economies can offer us and in particular the workers affected by reorganisations.

Therefore I wonder whether it may not be useful to pool our ideas on an operational scheme capable of offering a framework to help public authorities, firms or persons directly concerned who are involved in reorganisations or have to manage them.

In the spirit of the revised Lisbon Strategy and in line with the European strategy of employment inaugurated during the last Luxembourg Presidency in 1997, I believe it is vital to provide a framework allowing us to anticipate and to manage the economic reorganisations and transformations in order to show our citizens, and in particular employees and their families, that the European Union cares for their well-being and does not only pursue economic interests.

As it is the custom during such a meeting, I will be delighted to give you a view of the various aspects of the cultural life of my country.

François Biltgen
Minister for Labour
and Employment

F Guided Tours

Notice for the media wishing to realise a portrayal of the Grand Duchy of Luxembourg

Television crews, cameramen, journalists and photographers, accredited may contact the National Tourist Office (NTO) in order to obtain information for a portrayal of the Grand Duchy of Luxembourg within the framework of the Council of the European Union.

Upon request, the NTO, in cooperation with the Luxembourg City Tourist Office and local tourist boards, will provide – free of charge – guided tours meeting their specific needs. The departure point, time and duration of the guided tour will be determined according to the availability of the media representatives.

For technical reasons, contacting the press service of the NTO several days before arriving in Luxembourg is recommended. As far as possible, an escort may be provided at the last minute.

Furthermore, the NTO will provide the media with photos on CD representing sights of the Grand Duchy of Luxembourg and Luxembourg City. Upon request, television crews will be able to obtain from the NTO a Betacam version of a film of the Grand Duchy of Luxembourg, free of copyright.

Please note that a selection of press releases on recent news in the tourist department of the Grand Duchy is listed in the section “Presse professionnelle” of the Internet site www.visitluxembourg.lu (www.ont/presse.lu).

The NTO press service as well as its reception centre at the railway station (open seven days a week, tel.: (352) 48 11 99, fax: (352) 42 82 82 30) and the "Luxembourg Presidency" desk at the airport (open seven days a week) are available to the media for all additional information.
