of the Council of the European Union*

Welcome Note

Häerzlech wëllkomm zu Lëtzebuerg!

We would like to welcome you in Luxembourg for the informal ministerial meeting on regional policy and territorial cohesion. This meeting will be centred on two main lines: on the one hand, the strategic guidelines of the Community on cohesion and, on the other, the operational contribution to the Lisbon/Göteborg strategies to territorial cohesion.

The economic and social cohesion, one of the foundations of the European Community, must enable an harmonious development of the entire Community. In relation to enlargement, the next programming period 2007-2013 will be of a dimension that is far more important than the preceding ones.

For the new programming period, the European Commission has put forward a working document of its services on the strategic guidelines of the Community as far as cohesion is concerned. In other words, the discussion of the document by the ministers will be the prelude to the legislative process.

In parallel, a cooperation process has been launched on both territorial cohesion and its operational contribution to the Lisbon and Göteborg strategies.

A working programme, whose objective is to reinforce the knowledge and the perception of the added value of territorial cohesion, will be discussed. It includes the question of the continuation of the European Spatial Planning Observation Network (ESPON).

As both topics are closely related, the Presidency has launched a joint invitation. We are confident that the meeting in Luxembourg will be a step forward to further progress in the two subjects.

The social part of the meeting will lead us to the Moselle valley and we will be welcomed in the famous village of Schengen.

It is inevitable to associate the village of Schengen with the Princess Marie-Astrid excursion boat. In fact, it was on a same-named boat that the well-known Schengen agreements were signed in 1985. We will board a new generation boat that allows us enjoying the view on Luxembourg's vineyards. These vineyards are considered to be a significant element of the country's national pride.

We wish you a nice stay in the capital and on the Moselle.

F Guided Tours

Notice for the media wishing to realise a portrayal of the Grand Duchy of Luxembourg

Television crews, cameramen, journalists and photographers, accredited may contact the National Tourist Office (NTO) in order to obtain information for a portrayal of the Grand Duchy of Luxembourg within the framework of the Council of the European Union.

Upon request, the NTO, in cooperation with the Luxembourg City Tourist Office and local tourist boards, will provide – free of charge – guided tours meeting their specific needs. The departure point, time and duration of the guided tour will be determined according to the availability of the media representatives.

For technical reasons, contacting the press service of the NTO several days before arriving in Luxembourg is recommended. As far as possible, an escort may be provided at the last minute.

Furthermore, the NTO will provide the media with photos on CD representing sights of the Grand Duchy of Luxembourg and Luxembourg City. Upon request, television crews will be able to obtain from the NTO a Betacam version of a film of the Grand Duchy of Luxembourg, free of copyright.

Please note that a selection of press releases on recent news in the tourist department of the Grand Duchy is listed in the section “Presse professionnelle” of the Internet site www.visitluxembourg.lu (www.ont/presse.lu).

The NTO press service as well as its reception centre at the railway station (open seven days a week, tel.: (352) 48 11 99, fax: (352) 42 82 82 30) and the “Luxembourg Presidency” desk at the airport (open seven days a week) are available to the media for all additional information.
